

DIRECTOR OF CENTRAL INTELLIGENCE
Intelligence Producers Council
Washington, D.C. 20505

IPC 7937/88
12 December 1988

MEMORANDUM FOR: IC Staff Logistics Officer

FROM:

Chief, Intelligence Producers Council Staff

SUBJECT: Request for a Slave Printer for IPC Delta Data Terminal

1. We hereby request that the Intelligence Producers Council Staff be provided with a printer to be connected to the Staff's Delta Data terminal. Such a printer is urgently needed for the following reasons:

- o The IPC Staff is now required to furnish the DDI, on a periodic basis, with staff budget data and projections. At present, we have no way to make a hard copy of materials transmitted electronically to Headquarters.
- o The IPC Staff also receives information electronically (via AIM) and again cannot develop a permanent record of such information, since our terminal has no slave printer.
- o The Delta Data terminal also permits other kinds of applications of considerable use to the IPC, including the capacity to store and manipulate permanent files. The utility of such storage programs is greatly diminished without the ability to produce a printed record.

2. If you have any further questions on this matter, please call  of my Staff on extension
